Care & Maintenance

Regular care and maintenance help contribute to the safety and longevity of your product.

Environmental influences and outdoor storage could cause corrosion. Therefore, always store your stroller indoors. Do not keep the stroller in a damp, cold, or hot place.

We recommend regular maintenance of the frame and fabrics. Should the frame and fabrics become soiled, use a damp cloth and mild detergent to wipe away the dirt. Do not use abrasives or solvents.

Ensure that all locking devices are correctly engaged before use.

Never force any folding of adjustable parts.

Regularly check the unit to ensure that no parts are loose or broken.
